

# Get involved with a Fashion Exhibition

## *Participants Needed for a Research Project and Exhibition:*

- I am looking for participants to join an interview on Chinese Canadian women's fashion. As a participant in this interview, you would be asked to recall some memories from your own life, clothing choices and fashion practices in early adulthood, and answer a few questions about them.
- The interview will take approximately one hour for you to have a conversation with me and it can take place online over Zoom, or any other virtual conference applications of your choice. In appreciation of your time, you will receive my most sincere thankfulness and a link to the online exhibition by the summer of 2021.
- If you are interested, please email or call Violet Tang at
